#### **Definitions**

- "Number of Students Who Began the Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- "Students Available for Graduation" is the number of students who began the program minus the number of students who have dies, been incarcerated, or been called to active military duty.
- "Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- "On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.
- "150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- "150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- "Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.
- "Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- "Graduates Employed in the Field" means graduates who, within six months after a student completes the applicable educational program, are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- "Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

#### STUDENT'S RIGHT TO CANCEL

You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session, or the seventh calendar day after enrollment, whichever is later. A notice of cancellation shall be in writing, and a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance for ten (10) consecutive days. Not attending classes for ten consecutive days (excluding holidays) without excused absence is considered an unofficial withdrawal.

Cancellation shall occur when you give notice of cancellation to the school. The notice of cancellation need not take any particular form and however expressed, is effective if it indicates that you no longer desire to be bound by this agreement. If you cancel this agreement within the prescribed time period, the school will refund any money that you paid within ten (10) days after your notice of cancellation. After the end of the cancellation period, you also have the right to stop attending school at any time; and you have the right to receive a pro rata refund if you have completed sixty (60) percent or less of the scheduled days in the current payment period in your program through the last day of attendance.

If the Enrollment Agreement is cancelled, the school will refund the student 100 percent of any money he/she paid, less a registration or administration fee and STRF fee, if applicable, not to exceed two hundred fifty dollars (\$250), and less any deduction for books, supplies, or equipment not returned in good condition, within ten (10) days after the notice of cancellation is received by the end of the first class session or the seventh calendar day after enrollment, whichever is later. If the school has issued you any equipment, you must return the equipment within ten (10) days following the date of the notice of cancellation. If you fail to return the equipment in good condition within the ten-day period, the school may retain a portion of your payment equal to the documented cost of repair. If you fail to return the equipment at all, the school will retain the amount equal to the documented cost of the equipment. Once you have paid for the equipment, it is yours to keep without further obligation.
